    - 206-acre preserve owned by The Catskill Center; interpretive hiking trails, waterfalls, easy stream access and dog-friendly walking trails
    - GPS: 42.033049 (lat); -74.082183 (long)

18. Zena Cornfield, Big & Little Deep-Stream access sites, dog walking and mountain views east of Woodstock
    - GPS: 42.038297 (lat); -74.065338 (long)

19. Marko/Mallory Groves: Easy stream access and dog-friendly walking trails just west of Woodstock
    - GPS: 42.033049 (lat); -74.082183 (long)

ACKNOWLEDGEMENTS
This Map was made possible through funding from the New England Interstate-Adirondack Watershed Partnership (NEIWp) and the New York State Department of Environmental Conservation’s Hudson River Estuary program (NY s DEC HREp).

The seven lower Esopus municipalities that form the core of LEW p are the Town of Ulster, Village of Saugerties, and the City of Kingston. This Map was made possible through funding from the New England Interstate-Adirondack Watershed Partnership (LEW p), a group of citizens, municipalities, businesses, and agencies working together on behalf of the lower Esopus Creek.
